**James D**

Just Now

My name is James Martin Driskill and I was a patient of Dr. Eric Shigeno for treatment of my HIV. Because of what occurred during our last medical session which broke the trust that I had for Dr. Shigeno. Since my last commenting to Truthfinder seems to not have been updated, I am re-enforcing the truth and the involvement of a hate conspiracy in the Ryan White Care Act funded social service agencies that also infects the quality of care being delivered by physician providers. So, to re-enforce the truth, I have placed Disqus! commenting on the NPI license Data page of Doctor Shigeno. [ <https://npino.com/npi/1619153970-dr.-eric-tomomi-shigeno/> ] - This explains what is happening and forwards to additional documentation onto my web domains to what is the underlying cause and effect that occurred during our last session that drove a wedge between the patient/doctor relationship. That being his refusal to take part in a discussion about the quality of care of services regionally with what is a Google Review on record for the regional social service agency of Foothill Aids Project. That Google Review is told to me to be from the opinion as one who is a member of the Inland Empire HIV Planning Council. This is not just some disgruntled client making this statement: Google Yourself and find the review from Aaron Jacobson: [ Foothill Aids Project San Bernardino ] : Foothill Aids Project 670 N Arrowhead Ave Suite A-B, San Bernardino, CA : Aaron Jacobson a year ago: "This agency is FRAUDULANT in its services and practices when it comes to serving the HIV population and utilizing Ryan White Funding. My recommendation for any HIV client interested in signing with them is to run as far and as fast as you can...they treat HIV consumers with contempt and unprofessionalism." : With such a review on file, I had made an attempt to contact via twitter the CDC HIV Director Dr. Jonathan Mermin about the conditions that are reported online across a bulk of regional to regional glassdoor reviews as well as this Google review for my local agency. The attempt to share on Twitter this when the doctor's clinic has a twitter account [ @BorregoHealth ] --- my doctor told me he would not have time to review what I had corresponded with the CDC HIV Director. In that one dysfunctional relationship after another terminates their relationship for unprofessional reasons when they are unwilling to have a discussion of standing about what is showing in this. This is a hate conspiracy and a cover-up. I have no other options but to note for the record also here the NPI Data record URL for additional details in Disqus! commenting that applies here. These matters should have been incorporated into normal discussion points in medical session with Dr. Shigeno --- anyone also having this issue attempting to discuss this matter will most likely suffer the same consequences. Thank you for reading. CDC HIV Director Dr. Jonathan Harry Mermin has the introduction to a hate conspiracy that should be taken into consideration when dealing with Dr. Shigeno locally in the Inland Empire [ <https://npino.com/npi/1336445758-dr.-jonathan-harry-mermin/> ]
